

London Library Change Programme

Phase 3: Making Transformational Change Happen

Bulletin no.15: 24 March 2011

15 April Seminar

The next seminar for officers will be held on 15 April, venue will be Swiss Cottage Library at 10h30. The key note speaker will be from the Society of London Treasurers (SLT). We will be reviewing the latest developments across London and there will be updates from the key collaborative projects funded by the Future Libraries Programme and LLCP.

The April seminar will focus on four elements:

- Progress made by consortia and clusters, such as SELPIG, LLC and the 'tri-borough' partnership.
- The plans for the creation of products due to be commissioned by the programme.
- An update of the picture of change plans across London and sharing the experience of implementation.
- Discussion of the legacy strategy, ensuring that the future plans meet the needs of boroughs.

To confirm your attendance, please use the facility on the Communities of Practice website, (joining instructions below).
