Colman & Stangeridge

...and then The garden became a reality.

# Many learning experiences

# The growing. A secret garden

Using the garden provides many opportunities for measuring, shape, area, perimeter, volume, symmetry as well as English creative writing, following instructions, formal letter writing, persuasive writing, As well as Science, foundation subjects. Children also work as a team constantly risk assessing, problem solving and are also encouraged to make ethical decisions.

# Maths and Literacy plays a big part in the garden

Working out a business plan to sell the fruit and veg.

- Buying and selling
- Weighing and measuring

Persuasive writing

- Advertising
- Marketing
- labelling

- ▣ Recording and observing.
- ▣ Note taking
- ▣ Diary entries
- ▣ Instructional text

- Capacity
- Volume
- Real understanding of weight.

The produce ready to eat, cook or sell in the shop.

# Developing the Whole Child

- Feeling Proud
- Sense of achievement
- Engagement

- Working together
- Nurturing

- A place to think
- A place to focus

- Take on responsibility
- To be relied upon

- For all ages and abilities
- To have FUN

# Chickens Add a New Dimension

- Observe, listen, touch, explore.
- Discover and understand.

# The Bees Arrive and Cause a Buzz

Again a new learning experience for all

# Bee keeping? Children?

# Building frames

# Weekly inspections

# Honey Extraction

Weighing it up

# Honey?

# Honey

# Conservation

- Children understand that the eco system is delicate.

## All bees:

Estimated  
**1/3 of food**  
is pollination dependent

**Make 6,000 tonnes of honey**

Pollinate **70** types of crop

Contribute **£400 million** to the economy

## A colony:

Pollinates **4,000 m<sup>2</sup>** fruit trees

Makes avg **14kg** of honey

Contains **50,000** bees

# Attitudes changed. The next swarm was dealt with by pupils.

Developing confidence

# Journey to Chelsea

Loading the van

# Developing confidence, Providing opportunities

# Linking with a local Farm to increase our produce

# Gardens abroad

The Journey to Holland

A wonderful example of what can be done with flowers

# Designing a garden in France

Le jardin du Luxembourg

Le jardin se situe dans le quartier latin de Paris. Il se trouve dans le 6<sup>e</sup> arrondissement. On accède au palais du Luxembourg et au musée par la rue Vaugirard.

Le jardin a été créé en 1612 sous le règne de Marie de Médicis. Le Luxembourg est à lui seul une mémoire. C'est première chateau d'un roi capétien. Elle décide de construire un palais italien afin de retrouver l'atmosphère de son pays natal.

Robert de Sienne établit sa résidence au milieu de ces vignes, dans une vallée de verdure qui prend le nom de "Vauxmont" (vallis vicidus).

# Children Working on their garden in India

Working with others  
Planning together  
Use of IT

# World Food Day Together

We cooked food here and they did there.

We tried their recipes and they ours.  
We created a joint recipe book

# Trying the Recipes

Taste test  
It was delicious

# A Similar Project for Nepal

A parent approached us.  
Their brother and sister in  
law ran an orphanage.

We hold weekly Skype  
sessions

# The Nepalese Orphanage

# A Visit from a German School

## They also keep bees

They were really impressed

They invited us there.

# Our Trip to Germany

# Charlton Manor pupils working with German school

Their Bees

The near by Primary school

# The kitchen

State of the art equipment

# Working in the kitchen

# Cooking used for learning

# At all ages

# Enjoying the Dining Experience

# Quality food

# Healthy choices

# Pride in the dinners and pride In their work

# Teaching the three Rs

- ▣ Respect
- ▣ Responsibility
- ▣ Reliability
